SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Applicants and their legal representatives hereby make of record on the attached PTO Form-1449 the following publications that are known to them and considered warranting disclosure under 37 C.F.R. §1.56. Copies of each of these publications are enclosed.

It is respectfully requested that the information disclosed herein be expressly considered during the prosecution of this application and that the publications be made of record therein and appear among the "References Cited" on any patent to issue therefrom. In this regard, it is requested that the Examiner initial and return a copy of the enclosed Form PTO-1449 with the next Patent Office Communication.

This submission does not represent that a search has been made or that information more material to the examination of the present patent application does not exist. It is understood that the Examiner will conduct an independent search of the prior art.

Furthermore, this submission does not constitute an admission that the listed documents are material to patentability or that the listed documents are prior art. If it should be determined that any of the listed documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents. Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

No fee is believed to be due in connection with the filing of this Information Disclosure Statement. The Commissioner, however, is hereby authorized to charge any fee deficiency or credit any overpayment to Deposit Account No. 08-0219. A duplicate copy of this sheet is enclosed for that purpose.

Respectfully submitted,

Date: September 11, 2003
